

Mr. Warner:

Re H. R. 2232

I have checked CCH and the Bureau of the Budget and find no indication that hearings were held on this bill.

25X1 [redacted] was not familiar with it but made a light
25X1 check with Justice. His man there was aware of the bill but gave
[redacted] the impression that they had not been particularly concerned
about it.

The Bureau of the Budget advised me that the only department which cleared a report on the bill was State. It was assigned to Jim Hyde in BOB and I will be glad to call him if you wish.

I have deliberately avoided any calls to HCUA on this.
